

**ADVANCED PRACTICE REGISTERED NURSE (APRN) MASTER'S -  
INTENSIVE CARE NURSE PRACTITIONER SPECIALIZATION  
ACADEMIC YEAR 2017/2018**

Course Name	Credit	Semester
Anatomy theory	2	I.
Anatomy practice	2	I.
Physiology theory	3	I.
Physiology practice	2	I.
Pathophysiology	2	I.
Clinical diagnostics and decision-making I. theory	2	I.
Clinical diagnostics and decision-making I. practice	2	I.
Clinical diagnostics and decision-making I. field practice	2	I.
Pharmacology I.	2	I.
Research methodology and biostatistics I. theory	1	I.
Research methodology and biostatistics I. practice	1	I.
Health promotion-Health education I.	2	I.
Positioning and Networking the APN in the Health Care Sector	2	I.
Principals of Management of Critical Conditions	2	I.
Intensive Therapy Practice I.	3	I.
Modern Nursing Interventions	2	II.
Modern Nursing Interventions practice	1	II.
Fundamentals of ECG	1	II.
Clinical diagnostics and decision-making III.	1	II.
Pharmacology II.	2	II.
IT Studies	1	II.
Management of Critical Conditions I. theory	3	II.
Management of Critical Conditions I. practice	2	II.
Management of Critical Conditions I. field practice	5	II.
Management of Critical Conditions II. theory	3	II.
Management of Critical Conditions II. practice	1	II.
Management of Critical Conditions II. field practice	0	II.
Optional Courses I.	3	II.
Optional Courses II.	2	II.
Health Communication	1	III.
Reanimatology	2	III.
Advanced Airway Management Studies	2	III.
Management of Critical Conditions III. theory	2	III.
Management of Critical Conditions III. practice	2	III.
Management of Critical Conditions III. field practice	0	III.
Management of Critical Conditions IV. theory	2	III.
Management of Critical Conditions IV. practice	2	III.
Management of Critical Conditions IV. field practice	0	III.
Intensive Therapy Practice II.	7	III.
Toxicology	3	III.
Thesis	10	III.
