

Call for Applications for Students in the Stipendium Hungaricum Scholarship Program and Scholarship Program for Christian Young People

The Faculty of Health Sciences of the University of Pécs calls for applications for participating in the Erasmus+ Student Mobility for Traineeships after graduation in the Spring Semester of Academic Year 2022/2023

The aim of the call for applications:

Student mobility for traineeship is a period spent at an enterprise or an organisation in another programme country. The aim of the placement is to help students acquire competences which are relevant in the EU-wide labour market and to understand the economic and social culture of the host country. The host enterprise may be a private or public organisation active in the field of the labour market or education, training or youth, except for National Agencies and EU bodies.

Within the framework of Erasmus+ Programme, successful applicants are given the opportunity to do traineeships at the universities, professional organisations and non-profit organisations of the programme countries.

- the students' language competence is checked in the way requested by the European Commission (on-line survey after selection and after returning home)
- the successful applicant must take the on-line language test OLS (Online Linguistic Support) if the medium of instruction is not his/her mother tongue
