

CALL FOR APPLICATIONS

The Faculty of Health Sciences at the University of Pécs calls for applications for participating in the Erasmus+ Student Mobility for Traineeships in the Spring semester of the Academic Year 2021/2022

The aim of the call for applications:

Student mobility for traineeship is a period spent at an enterprise or an organisation in another programme country. The aim of the placement is to help students acquire competences which are relevant in the EU-wide labour market and to understand the economic and social culture of the host country. The host enterprise may be a private or public organisation active in the field of the labour market or education, training or youth, except for National Agencies and EU bodies.

Within the framework of Erasmus+ Programme, successful applicants are given the opportunity to do traineeships at the universities, professional organisations and non-profit organisations of the programme countries. The aim of the mobility can be studies relevant to the student's major combined with serving traineeship. The mobility can only be realised if the sending institution accepts the traineeship accomplished abroad and count them in the academic progress of the student (by granting UP credits) and/or issuing a Diploma Supplement.

Students performing abroad within the framework of Erasmus+ Programme:

- enrol in the home institution, establish an active student status, pay any possible tuition fee that may be due to their home institution and obtain their regular grant for the period of their stay abroad.

Eligible activities

- student mobility for traineeship (2-6 months);
- combined mobility for studies and a complementary traineeship period (3-12 months).

Who can apply?

The following students may apply:

- the student must have Hungarian citizenship or must pursue studies aiming at obtaining a degree in the institution and cannot obtain his/her degree before ending the mobility;
- Students with Stipendium Hungaricum scholarship cannot apply for Erasmus+
- newly graduated students can also participate in the year following their graduation (in this case they have to submit their application in the year of their graduation – which means that the application must be submitted and evaluated and the Erasmus agreement must be concluded before obtaining the degree);
- mobility for teaching assistantship is also considered as a traineeship (applies only to faculties involved in teacher training);
- traineeship may be served even in the first year of studies;
- **in the semester the mobility is performed, the student must have an active student status at UP;**
- the students' language competence is checked in the way requested by the European Commission (on-line survey after selection and after returning home);
- A study period can be *combined* with a complementary traineeship. The combination of the two periods means that the traineeship should be done under the supervision of the same host higher education institution where the student carries out his/her studies; the two activities must take place sequentially. Grant amounts for the "combined period" are the same as those of the study period.
- the successful applicant must take the on-line language test OLS (Online Linguistic Support) if the medium of instruction is not his/her mother tongue but one of the following: English, German, Italian, Spanish, French, or Dutch (more detailed information after the favourable evaluation of the application).

Documents to be submitted by the applicants:

1. Motivation Letter (approximately 1500 characters)
2. Professional CV
3. Transcript of records (2 previous semesters)
4. Language certificate
5. Official invitation letter from the company/ institution employs
6. Certificate of professional or public activities

According to the rules/regulations of the Erasmus+ Programme each student can obtain Erasmus status for a maximum of 12 months per training level (study abroad and traineeship in total), thus if the student has already participated in Erasmus study abroad and/or traineeship, but has not used up the 12-month Erasmus period, he/she can apply again. Students pursuing master level or doctoral studies who already were Erasmus students at their former training level(s) can also apply.

The amount of the grant depends on the length of the period of traineeship (number of days) and on the host country. The following amounts of grant may presumably be awarded for the academic year 2021/2022 (1 month of mobility means 30 days).

▪ Grant rates:

Method and deadline for submitting the application:

In line with Faculty regulations, applications must be submitted by **12th March, 2021** online at **outgoing.pte.hu**. In case of applying for an internship **with a non-university partner**, the application is **continuous** during the academic year, but must be submitted no later than 2 months before the start of the internship. In this case, the application must be accompanied by a letter of acceptance issued

by the host institution. If you have questions please contact the Faculty Coordinator: **Amanda Horváth (amanda.horvath@etk.pte.hu) Vörösmarty Street 4.**

Applications which are incomplete, do not satisfy the conditions or submitted after the expiry of the deadline cannot be accepted.

Evaluation of applications submitted:

Applications submitted are evaluated by a professional board, the Committee on Foreign Affairs of the Faculty formed by the Faculty. The evaluation criteria are stipulated in the order of business of the committee evaluating the applications.

Procedure for evaluating applications

(1) Ranking is broken down to receiving institutions and then to language areas.

(2) Each application may be awarded a maximum of 100 points as broken down below:

(a) Language knowledge

(a.1.) A maximum of 25 points may be awarded for language knowledge.

(a.1.) The evaluation of language exams taken in the language of instruction of the receiving institution or in English:

Level of language exam	Points
------------------------	--------

State accredited, intermediate, general, type C (complex) language exam	10 points
---	-----------

State accredited, advanced, general, type C (complex) language exam	20 points
---	-----------

If the applicant does not have a language exam certificate, it will be decided whether he/she can apply on the basis of a language interview without prejudice to his/her chances.

(a.1.1) Further language exam(s) can be awarded altogether	5 points.
--	-----------

(b) Academic performance

(b.1.) Academic performance can be awarded a maximum of	35 points.
---	------------

The following activities constitute an advantage at the evaluation:

- Participating in scientific work
- Community work (Student Union, Student Erasmus/Mentor group etc.)

Under the regulations, German and/or English language interview is conducted as stipulated by the Faculty.

Students who have not participated in the Erasmus Programme before are given priority at the evaluation.

Students who are not awarded a grant but are recommended by the institute/department responsible for the cooperation can participate even in the lack of a grant as self-funded students, so called **label students**, provided they can cover the costs of their travel and stay abroad from other sources.
