

INFORMATION

– FALL SEMESTER & LEAVING HUNGARY FOR SUMMER

Dear Students,

It is almost the time when exams are over and summer break starts. We know that most of you usually travel during the summer – that is why we ask you to consider the following information.

If you leave Hungary, knowing whether you will be able to make it back to our country is difficult right now because of the current COVID-19 pandemic situation. Embassies are not working as they did before and we do not have exact information how they are going to continue their activities in the following months.

WE ASK YOU NOT TO TRAVEL TO YOUR HOME COUNTRY DURING THE SUMMER if it is outside of the European Union.

You already have a residence permit, which means you can leave and enter Hungary to and from EU countries – however, it is not sure that you can do the same from non-EU countries.

We plan to start the **Fall semester 2020/21 with direct, personal education for second and upper year students.** You will have clinical practices as well which cannot be completed from home. **You need to be here in Pécs** if you want to continue your studies!

For this reason, we suggest you planning your visit at home for a later time this year, perhaps the fall break. We really hope that the situation gets better in the fall semester.

Until then, stay safe and please do not leave Hungary unless you really have to.

We really understand that you would like to see your family, friends, try the mum's meal, but you are asked for some patience in interest of your further carrier!

If you leave the country, please count with the fact that you might not be able to come back to Hungary.

Best regards,

Dr. Orsolya Máté
senior lecturer, director of foreign affairs
UNIVERSITY OF PÉCS |
Faculty of Health Sciences
