

NURSING AND PATIENT CARE BSC - Midwifery specialization
2018/2019. academic year

Course name	Theory	Practice	Clin./ Field practice	Credit	Semester	Exam type	Pre-requisites	Paralel requests
Applied Anatomy in Health Science I. theory	30			3	I.	term exam		Applied Physiology and Pathophysiology in Health Science I. theory, Applied Anatomy in Health Science I. practice,
Applied Anatomy in Health Science I. practice		20		2	I.	practical course grade		Applied Physiology and Pathophysiology in Health Science I. practice, Applied Anatomy in Health Science I. theory
Applied Physiology and Pathophysiology in Health Science I. theory	55			5	I.	term exam		Applied Anatomy in Health Science I. theory, Applied Physiology and Pathophysiology in Health Science I. practice
Applied Physiology and Pathophysiology in Health Science I. practice		20		2	I.	practical course grade		Applied Anatomy in Health Science I. practice, Applied Physiology and Pathophysiology in Health Science I. theory
First Aid theory	14			2	I.	practical course grade		First Aid practice
First Aid practice		14		2	I.	practical course grade		First Aid theory
Medical latin language and terminology I.		20		4	I.	practical course grade		
Basics of cell biology and biochemistry in Health Science	36			4	I.	term exam		
Optional course I.				3	I.	practical course grade		
Applied Anatomy in Health Science II. theory	30			3	II.	term exam	Applied Anatomy in Health Science I. theory	Applied Anatomy in Health Science II. practice
Applied Anatomy in Health Science II. practice		20		2	II.	practical course grade	Applied Anatomy in Health Science I. practice	Applied Anatomy in Health Science II. theory
Applied Physiology and Pathophysiology in Health Science II. theory	55			5	II.	term exam	Applied Physiology and Pathophysiology in Health Science I. theory, Applied Anatomy in Health Science I. theory	Applied Physiology and Pathophysiology in Health Science II. practice
Applied Physiology and Pathophysiology in Health Science II. practice		20		2	II.	practical course grade	Applied Physiology and Pathophysiology in Health Science I. practice, Applied Anatomy in Health Science I. practice	Applied Physiology and Pathophysiology in Health Science II. theory
Biophysics and health technological studies	14			2	II.	term exam		
Medical latin language and terminology II.		20		4	II.	practical course grade	Medical latin language and terminology I.	
Nursing skills I. theory	20			3	II.	term exam		Nursing skills I. practice
Nursing skills I. practice		34		3	II.	practical course grade		Nursing skills I. theory
Optional course II.				3	II.	practical course grade		
Pharmacology I.	40			2	III.	term exam	Applied Physiology and Pathophysiology in Health Science II. theory, Basics of cell biology and biochemistry in Health Science	Pharmacology I. practice
Pharmacology I. practice		20		1	III.	practical course grade	Applied Physiology and Pathophysiology in Health Science II. practice	Pharmacology I.
Microbiology	28			3	III.	term exam	Basics of cell biology and biochemistry in Health Science	
Personal and communicational development I.		14		2	III.	practical course grade		
Public health	28			2	III.	term exam		
Ethics in Health Sciences	14			2	III.	term exam		
Law in Health Care	21			3	III.	term exam		
Nursing skills II. theory	30			3	III.	term exam	Nursing skills I. theory	Nursing skills II. practice
Nursing skills II. practice		46		3	III.	practical course grade	Nursing skills I. practice	Nursing skills II. theory
Basic clinical knowledge and propaedeutics theory	28			3	III.	term exam	Applied Anatomy in Health Science II. theory, practice	Basic clinical knowledge and propaedeutics practice
Basic clinical knowledge and propaedeutics practice		28		3	III.	practical course grade		Basic clinical knowledge and propaedeutics theory
Optional course III.				3	III.	practical course grade		
Research methodology and biostatistics I.	21			2	IV.	term exam		
Health pedagogy	14			2	IV.	term exam		
Internal medicine I.	28			2	IV.	term exam	Pharmacology I. theory, practice, Applied Anatomy in Health Science II. theory, practice	
Surgery I.	24			2	IV.	term exam	Pharmacology I. theory, practice, Applied Anatomy in Health Science II. theory, practice	
Neonatal reanimation theory	10			1	IV.	term exam	First Aid theory	Neonatal reanimation practice
Neonatal reanimation practice		14		1	IV.	practical course grade	First Aid practice	Neonatal reanimation theory
Obstetrics and gynaecology I. clinical theory	28			2	IV.	term exam	Applied Anatomy in Health Science II. theory, practice, Pharmacology I theory, practice	Obstetrics and gynaecology I. nursing theory (basics of obstetrics and gynaecology)
Obstetrics and gynaecology I. nursing theory	28			2	IV.	term exam	Nursing skills II. theory	Obstetrics and gynaecology I. clinical theory (basics of obstetrics and gynaecology)
Obstetrics and gynaecology I. simulation/skill practice		16		1	IV.	practical course grade	Nursing skills II. practice	Obstetrics and gynaecology I. nursing theory (basics of obstetrics and gynaecology)
Obstetrics and gynaecology I. field practice			120	4	IV.	practical course grade		Obstetrics and gynaecology I. clinical theory (basics of obstetrics and gynaecology)
Infant medicine and pediatrics nursing skill - clinical theory	28			2	IV.	term exam	Applied Anatomy in Health Science II. theory, practice, Pharmacology I. theory, practice	Infant medicine and pediatrics nursing skill - nursing skill theory
Infant medicine and pediatrics nursing skill - nursing skill theory	18			1	IV.	practical course grade	Nursing skills II. theory, practice	Infant medicine and pediatrics nursing skill - clinical theory
Infant medicine and pediatrics nursing skill - field practice			50	0	IV.	signature		Infant medicine and pediatrics nursing skill - clinical theory
Dietetics I. theory	28			2	IV.	term exam		Dietetics I. practice, Dietetics II. theory
Dietetics I. practice		14		1	IV.	practical course grade		Dietetics I. theory
Dietetics II. theory	10			1	IV.	term exam		Dietetics II. practice, Dietetics I. theory
Dietetics II. practice		10		1	IV.	practical course grade		Dietetics II. theory
Optional course IV.				3	IV.	practical course grade		
IT in Health Care I.		28		2	V.	practical course grade		
Thesis I.		8		2	V.	practical course grade	Research methodology and biostatistics I.	
Internal medicine II.	28			2	V.	term exam	Internal medicine I.	
Surgery II.	24			2	V.	term exam	Surgery I.	
Obstetrics and gynaecology II. clinical theory	28			2	V.	term exam	Obstetrics and gynaecology I. clinical theory (basics of obstetrics and gynaecology)	Obstetrics and gynaecology II. nursing theory (physiological obstetrics/gynaecology and nursing)
Obstetrics and gynaecology II. nursing theory	28			2	V.	term exam	Obstetrics and gynaecology I. nursing theory (basics of obstetrics and gynaecology)	Obstetrics and gynaecology II. clinical theory (physiological obstetrics/gynaecology and nursing)
Obstetrics and gynaecology II. simulation/skill practice		16		2	V.	practical course grade	Obstetrics and gynaecology I. simulation/skill practice (basics of obstetrics and gynaecology)	Obstetrics and gynaecology II. nursing theory (physiological obstetrics/gynaecology and nursing)
Obstetrics and gynaecology II. field practice			160	7	V.	practical course grade	Obstetrics and gynaecology I. field practice (basics of obstetrics and gynaecology)	Obstetrics and gynaecology II. clinical theory (physiological obstetrics/gynaecology and nursing)

Intensive care, anaesthetics I. theory	14			1	V.	term exam	Applied Anatomy in Health Science II. theory, practice, Pharmacology I. theory, practice	Intensive care, anaesthetics I. field practice (obstetrics and gynaecology surgery room and anaesthetics)
Intensive care, anaesthetics I. field practice			40	2	V.	practical course grade		Intensive care, anaesthetics I. theory (obstetrics and gynaecology surgery room and anaesthetics)
Clinical knowledges I.	28			2	V.	term exam	Internal medicine I., Surgery I.	
Clinical knowledges II.	28			2	V.	term exam	Internal medicine I., Surgery I.	
Optional course V.				3	V.	practical course grade		
Research methodology and biostatistics II.		28		2	VI.	practical course grade	Research methodology and biostatistics I.	
IT in Health Care II.		28		2	VI.	practical course grade	IT in Health Care I.	
Transfusiology theory	14			1	VI.	term exam	Applied Anatomy in Health Science II. theory, practice, Pharmacology I. theory, practice, Nursing skills II. theory, practice	Transfusiology practice
Transfusiology practice		14		1	VI.	practical course grade		Transfusiology theory
Developmental neurology theory	14			2	VI.	term exam	Infant medicine and pediatrics nursing skill	Developmental neurology field practice
Developmental neurology field practice			20	1	VI.	practical course grade		Developmental neurology theory
Neurology	28			2	VI.	term exam	Internal medicine II., Surgery II.	
Complementary medicine I.	28			2	VI.	term exam		
Obstetrics and gynaecology III. clinical theory	28			2	VI.	term exam	Obstetrics and gynaecology II. clinical theory (physiological obstetrics/gynaecology and nursing)	Obstetrics and gynaecology III. nursing theory
Obstetrics and gynaecology III. nursing theory	28			2	VI.	term exam	Obstetrics and gynaecology II. nursing theory (physiological obstetrics/gynaecology and nursing)	Obstetrics and gynaecology III. clinical theory
Obstetrics and gynaecology III. simulation/skill practice		16		2	VI.	practical course grade	Obstetrics and gynaecology II. simulation/skill practice (physiological obstetrics/gynaecology and nursing)	Obstetrics and gynaecology III. nursing theory
Obstetrics and gynaecology III. field practice			150	7	VI.	practical course grade	Obstetrics and gynaecology II. field practice (physiological obstetrics/gynaecology and nursing)	Obstetrics and gynaecology III. clinical theory
Obstetrics and gynaecology IV. theory	20			2	VI.	term exam	Obstetrics and gynaecology II. clinical theory (physiological obstetrics/gynaecology and nursing)	Obstetrics and gynaecology IV. simulation/skill practice
Obstetrics and gynaecology IV. simulation/skill practice		8		1	VI.	practical course grade	Obstetrics and gynaecology II. simulation/skill practice (physiological obstetrics/gynaecology and nursing)	Obstetrics and gynaecology IV. theory
Obstetrics and gynaecology IV. field practice			30	2	VI.	practical course grade	Obstetrics and gynaecology II. field practice (physiological obstetrics/gynaecology and nursing)	Obstetrics and gynaecology IV. theory
Obstetrics and gynaecology V. clinical theory	35			2	VII.	term exam	Obstetrics and gynaecology III. clinical theory, Obstetrics and gynaecology IV. theory	Obstetrics and gynaecology V. nursing theory
Obstetrics and gynaecology V. nursing theory	28			2	VII.	term exam	Obstetrics and gynaecology III. nursing theory	Obstetrics and gynaecology V. clinical theory
Obstetrics and gynaecology V. simulation/skill practice		16		2	VII.	practical course grade	Obstetrics and gynaecology III. simulation/skill practice, Obstetrics and gynaecology IV. simulation/skill practice	Obstetrics and gynaecology V. nursing theory
Obstetrics and gynaecology V. field practice			150	10	VII.	practical course grade	Obstetrics and gynaecology III. field practice, Obstetrics and gynaecology IV. field practice	Obstetrics and gynaecology V. clinical theory
Obstetrics and gynaecology VI. theory	28			3	VII.	term exam	Obstetrics and gynaecology III. clinical theory, Obstetrics and gynaecology IV. theory	Obstetrics and gynaecology VI. simulation/skill practice
Obstetrics and gynaecology VI. simulation/skill practice		14		1	VII.	practical course grade	Obstetrics and gynaecology III. simulation/skill practice, Obstetrics and gynaecology IV. simulation/skill practice	Obstetrics and gynaecology VI. theory
Obstetrics and gynaecology VI. field practice			30	2	VII.	practical course grade	Obstetrics and gynaecology III. field practice, Obstetrics and gynaecology IV. field practice	Obstetrics and gynaecology VI. theory
Obstetrics and gynaecology VII. theory	14			1	VII.	term exam		Obstetrics and gynaecology VII. simulation/skill practice (alternative obstetrics)
Obstetrics and gynaecology VII. simulation/skill practice		8		1	VII.	practical course grade		Obstetrics and gynaecology VII. theory (alternative obstetrics)
Obstetrics and gynaecology VII. field practice (alternative obstetrics)			14	1	VII.	practical course grade		Obstetrics and gynaecology VII. theory (alternative obstetrics)
Psychiatry	14			2	VII.	term exam	Neurology	
Preparation for delivery theory	10			1	VII.	practical course grade	Obstetrics and gynaecology I. (clinical theory, nursing theory, simulation/skill practice)	Preparation for delivery practice
Preparation for delivery practice		7		1	VII.	practical course grade		Preparation for delivery theory
Professional practice I.			60	2	VII.	practical course grade		Obstetrics and gynaecology V. field practice
First integrated final exam				0	VII.	final exam	Obstetrics and gynaecology I., II., III., IV., V.	
Health Sociology	28			3	VIII.	practical course grade		
Health Psychology I.	28			2	VIII.	practical course grade		
Communication in health care II.		14		2	VIII.	practical course grade	Communication in health care I.	
Health education-health promotion I. theory	14			1	VIII.	practical course grade	Health pedagogy	Health education-health promotion I. practice
Health education-health promotion I. practice		14		1	VIII.	practical course grade	Health pedagogy	Health education-health promotion I. theory
Health Care management	14			2	VIII.	practical course grade		
Public hygiene-epidemiology	28			2	VIII.	practical course grade		
Thesis II.		8		10	VIII.	practical course grade	Thesis I.	
Professional practice II.			300	10	VIII.	practical course grade	Professional practice I., First integrated final exam
